ASSESSMENTS

3.1 Purpose of Assessments. The property assessments are used for the purpose of promoting the recreation, health, safety, welfare, common benefit and enjoyment of the owners and occupants of Lots in the Subdivision and in particular for the acquisition, improvement, maintenance and operation of properties, services and facilities devoted to this purpose and includes the use and enjoyment of the Common Areas, including but not limited to the payment of taxes, insurance, repair, replacement, additions and for the cost of labor, equipment, materials, management and supervision, as well as for the establishment and maintenance of one or more reasonable reserve funds to cover unforeseen contingencies or deficiencies, or for emergency expenditures or such other matters as authorized by the Board of Directors. In determining the fiscal needs of the Association, the Association Board of Directors is authorized to establish a reasonable amount as part of the annual assessment for capital purposes. As collected, these capital contributions will be deposited in a separate capital account with separate records maintained and disbursements will be only for capital purposes as determined from time to time by the Board of Directors.

3.2 Creation of the Lien and Personal Obligation for Assessments. Each owner of any lot or dwelling, by accepting a deed or other conveyance, whether or not it is expressed in any such deed or other conveyance, covenants and agrees to pay to the Association fixed assessments. These assessments, together with interest and costs of collection, will be a charge on and a continuing lien on the lot charged with an assessment. The lien is finalized by a filing of record in the county Clerk's office of the Superior Court of Houston County within 90 days of a default. The claim of lien will also secure all assessments, which come due until the recorded claim of lien is cancelled. Also, each owner will be personally liable for the portion of any assessment coming due while he is the owner of a lot or dwelling, and his grantee will be jointly and severally liable for such portion due and payable at the time of a conveyance. Grantee has the right to recover from the grantor the amounts paid by the grantee. Provided, however, any person who becomes the owner of a lot or dwelling as purchaser at a judicial or foreclosure sale conducted with respect to an Institutional Mortgage, or pursuant to any proceeding in lieu of the foreclosure of such mortgages, is liable only for assessments coming due after the date the person acquires title to the lot or dwelling.

3.3 Annual Assessments. Subject to this Article, the annual assessment payable to the Association for common expenses and capital contributions is:

- a. For calendar year 2016, the annualized Association assessment is \$600 (plus \$100 for gated communities). The assessment will be allocated for common expenses of the Association. Gate fees are subject to annual revision. None of these funds will be deposited in any special capital reserve account.
- b. As of the date of this covenant revision, the annual Association assessment for common expenses and capital contributions will be determined as follows:
 - i. Common Expenses. In accordance with the provisions of subsection (iii) below, and not later than December 1st of the previous calendar year, the Board will estimate and prepare a budget for the coming calendar year to include the total of all common expenses to be paid by annual assessments. If the estimated sum proves inadequate for any reason, in accordance with subsection (iii) below, the Board may levy a further assessment for common expenses at any time during that year if approved by the majority of home owners. If for any reason an annual

budget is not completed as required above, the estimated annual assessment for common expenses for the coming calendar year will remain the same as the previous calendar year.

- ii. **Capital Contributions.** In addition to budgeting for common expenses as provided in subsection (i) above, and in accordance with subsection (iii) below, the Board will also be authorized to establish an annual budgeted amount for capital purposes. If, for any reason, the Board fails to determine a capital budget for the coming year, then the budgeted amount will be the same as the previous year. A Capital Reserve account will be established on a calendar years basis with funds being transferred from the General Operating Account to the Capital Reserve Account. The Capital Reserve Account must contain specific capital and infrastructure improvements and estimated cost requirements/projects defined.
 - iii. **Cost of Living Limitation.** No later than December 15th of the previous calendar year, the Board will furnish a proposed budget for common and capital expenses/contributions, to all lot owners subject to assessment. If the aggregate proposed budget does not exceed percentage-wise the amount of the \$600 base by more than the percentage increase in the cost of living period from January 1, 2016 to the most recent September 1st, date (measured by the Macon, Georgia, Consumer Price Index for Urban Wage Earners and Clerical Workers, All Items, published by the Bureau of Labor Statistics, U.S. Department of Labor), then the proposed budget may be adopted by the Board as the budget of the Association for the coming calendar year without an Association vote. If the proposed budget exceeds the period percentage increase, then the proposed budget will require Association approval by a majority of the votes cast, or represented by proxy, at a meeting called and held for such purpose. The most current Consumer Price Index will be utilized for all inflation computations. If the Consumer Price Index is discontinued, then use a comparable successive index published by the U.S. Government for escalation formulas will be used. The base amount for of \$600 is the actual 2016 Association assessment for and is set as the baseline for future escalation computations. If the Board of Directors deems it necessary to amend the base amount, the adaptation of a new base must be approved by a majority of the Association membership.
- c. **Allocation.** Unless otherwise specified by the Board, each Association member installment payment made on the annual assessment will be allocated to the common expense fund and to the capital reserve account on a pro rata basis, according to the amount to be paid for common expenses and the amount, if any, to be contributed to capital reserve in the particular calendar year.

3.4 Special Assessments

- a. **Capital Improvements.** In addition to the annual assessments authorized above, the Board may levy special assessments for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement within the Common Areas, including fixtures and personal property. Except as otherwise specifically provided, any such special assessment will be approved by a majority of the votes which the

members of the Association present, or represented by proxy are entitled to cast at a meeting duly called and held for such purpose.

- b. **Subdivision Amenities.** In addition to the annual assessments authorized above, the Board may levy special assessments applicable to and payable by only persons or legal entities owning lots within the Subdivision (and not to owners of lots outside the Subdivision but within other subdivisions or communities within the Development) for the maintenance and operation of amenities (if any) available to and useable by only lot owners within the Subdivision (*e.g.*, electronically controlled gates or other devices limiting access to the Subdivision).

3.5 Uniform Rate of Assessment. Except as noted both annual and special assessments must be fixed at a uniform rate for all lots and may be collected on a calendar year basis or in another reasonable manner as may be determined by the Board.

3.6 3.6 Assessments, Due Dates

- a. The annual assessments payable to the Association are established on a calendar year basis and are due in full by February 5th of each calendar year for all lots, whether vacant, improved, occupied, or unoccupied.
- b. Any special assessments payable to the Association, as specified in this Article, will be due on the date specified by the Board.
- c. The Association's Certified Public Accounts firm will, when requested, provide to any owner liable for an assessment, a statement as conclusive proof the assessment was paid. A reasonable charge, as determined by the Association, may be made for the issuance of these certificates.

3.7 Effect of Non-Payment of Assessments; Remedies of the Association: Any assessment, or portion thereof, not paid when due is delinquent. If the delinquency is not paid within five (5) days after the due date, then a 10% late charge of the amount due will be added to the assessment payable to the Association along with any interest at the maximum legal rate computed from the due date. The Board may suspend the voting rights of the owner during the period that any assessment or portion remains unpaid and may bring legal action against the owner or owners personally obligated to pay the assessment/delinquency or foreclose its lien against such owner's lot. If a lien foreclosure is required, late charges, interest, costs and attorney's fees equal to actual expenses generated by the Association or the greater of eighteen percent (18%) of the past due will be added to the amount of the assessment or portion which is past due. All payments received on account will be applied first to late charges, then interest, and then to the assessment lien first due. All late charges and interest collected will be credited to the common expenses fund. Each owner, by their acceptance of a deed or other conveyance to a lot, vests in the Association the right and power to bring all actions against them personally for the collection of such charges as a debt and to foreclose the lien against his lot in the same manner as other liens for the improvement of real property. The lien based on this Article will be in favor of the Association and will be for the benefit of all owners. Any legal action brought by the Association to enforce any lien against a lot will originate no later than one (1) year from the time the assessment became due. Failure to initiate action within the one -year time period will cause the assessment lien to be terminated. If the assessment is more than one (1) year past due, it

does not prevent any action by the Association against the owner(s) obligated to pay the same in accordance with the provisions of this article. The Association has the authority to bid on the lot at any judicial or foreclosure sale and to acquire, hold, lease, encumber and convey the same. No owner may waive or otherwise escape liability for the assessments by non-use of the Common Property and facilities located on or abandonment of his lot.

3.8 Priority of Lien. The lien of the assessments provided for in this Article is prior and superior to all other liens except only (a) ad valorem taxes and (b) all sums unpaid on a first mortgage, if any, filed with Houston County Clerk of the Superior Court. The sale and transfer of any lot will not affect the assessment lien; unless the sale or transfer of any lot subject to a first mortgage pursuant to judicial sale, foreclosure, any proceeding in lieu of foreclosure, will terminate the assessment lien due prior to such sale or transfer. No sale or transfer will relieve the acquirer of title, and the successors-in-title and assigns the liability for any assessment becoming due on the lot from the lien. The Association may at any time, either before or after a first mortgage is placed on a lot, waive, relinquish or quitclaim in whole or in part the right of the Association to assessments to the lot coming due during the period while the lot is or may be held for liquidation by the first mortgage for sale or transfer.

3.9 Exempt Property. No property owned within the boundaries of Eagle Springs is exempt from an annual assessment.

3.10 Property Not Owned by the Association. The Association will be authorized to expend assessments for the improvement and maintenance of certain real and personal property which does not constitute a Common Area, or any improvement or personal property owned by the Association but available for use by all lot owners or other persons. These expenditures are authorized as long as the property is made available for use by all lot owners. The expenditures do not create ownership rights, easements or licenses, whether legal or equitable, express or implied, over such property in the Association or any lot owner, such use being permissive only and subject to termination by Eagle Springs Association Inc. or the owner of such property at any time, without notice.

ARTICLE IV

ADMINISTRATION

4.1 Responsibility for Administration. The maintenance, repair, replacement and operation of the Common Areas and facilities will be the responsibility of the Association. Such administration will be governed by this Declaration and the Articles of Incorporation and By-Laws of the Association, as occasionally amended. Notwithstanding the duty of the Association to maintain, repair and replace the Common Areas and facilities, the Association will not be liable for injury or damage caused by any latent condition of the property and facilities, nor for injury or damage caused by the elements, nor for injury to its members or other persons, nor will any officer or director of the Association be liable to any of its members for injury or damage caused by such officer or director in the performance of his duties unless determined to be the willful misfeasance or malfeasance of such officer or director. Each officer or director of the Association will be indemnified by the Association against all expenses and liabilities, including attorney's fees, reasonably incurred by or imposed upon them in connection with any proceeding to which they may be a party, or in which they may become involved, by reason of their being or having been such an officer or director, whether or not he is such an officer or director at the time such expenses and liabilities are incurred, except in such cases wherein the officer or director is adjudged guilty of willful misfeasance or malfeasance in the performance of his duties. Written notice will be given to all such owners at least thirty (30) days in advance and will set forth the purpose of such meeting. The home owners will have the exclusive right and power at any time and to create and fill vacancies on the Architectural Control Committee. 6.1.2 **Committee Membership:** A majority of the Committee may designate a representative to provide subject matter expertise on behalf of the committee when the situation warrants such expertise. In the event of the death or resignation of any member of the Committee, until a successor is duly appointed by a majority vote of the owners the remaining members will have the authority to designate a successor. Plans submitted for approval must be similar in architectural design as the majority of the homes in the specific subdivision (i.e. number of floors, garage locations, style, materials, roof pitch, roofing material etc.). Any deviation from specifications which are not consistent with the majority of homes in the area must be approved in writing in advance of construction by the ACC and the Board of Directors. Further, any concerned neighbor of the proposed construction will be given an opportunity to review and air their concerns or objections of any deviations. This will be accomplished by a special meeting of the concerned neighbors with the building contractor or contractor's agent, an ACC representative, and at least one Board member. This meeting will be scheduled by the ACC and posted on the proposed construction site 21 days in advance of the meeting.

- (iii) The owner or owners whose walls are tied or joined together will pay one-half (1/2) of the cost and expense of keeping the walls in good repair, but will not be responsible for the expense incurred by the other party in plastering, painting or otherwise keeping the inside of the wall in good repair and usable as an interior wall of the other party. If the wall is damaged or destroyed due to the negligence or intentional misconduct of the owner or owners of the contiguous or adjacent lot or parcel, or their servants, servant, employee or agent, or any other person occupying or using the other lot or parcel with the consent of the other owner or owners or as the tenant of such other owner or owners, the owner or owners responsible for the damaging party is solely responsible for such damage or destruction and will bear the entire cost and expense of repairing or rebuilding the wall.
